Chrysler Motors Corporation
12000 Chrysler Drive
Highland Park, MI 48288-1919

Reference: Chrysler Trenton Chemical Plant

Dear Mr. Gilezan:

This is to notify you that the above location has been identified as a site of environmental contamination under the Michigan Environmental Response Act (MERA, Public Act 307 of 1982, as amended), and will be listed on the Act 307 Proposed Priority Lists of Michigan Sites of Environmental Contamination as a site in need of evaluation and/or interim response. This listing will be released in November, and is subject to public comment, as required by Section 6 of MERA.

Attached is a summary of the Act 307 assessment of this location, along with a schedule of upcoming public hearings to be held for the purpose of receiving comments on the Act 307 Proposed Priority Lists before the Lists become final. The final listing serves as the basis for recommendations to the Legislature, as required by Section 7 of MERA, for the State funding of remedial actions at priority sites in the event that those liable for the pollution do not provide adequate remedies. For questions concerning the ranking and scoring of this site please contact Mr. Steve Cunningham at 517-373-4800. If you have any questions regarding the pollution concern at this location, please contact Mr. Hakim Shakir, of our Detroit District office at 313-344-9440.

Sincerely,

Gary Klepper, Chief
Site Assessment Unit
Remedial Action Section
Environmental Response Division
